

Two Performers Together..

**"Excellent *Combination*
Against *Infections*"**

Rx

Yevamox-CV

Amoxycillin 500 mg. + Potassium Clavulanate 125 mg. **Tablet**

Amoxycillin

- A broad spectrum antibiotic covering gram +ve & gram -ve organisms.
- Excellent clinical results in variety of infections.

Potassium Clavulanate

- A class apart medication, called beta-lactamase inhibitors.
- Antibiotic with increased spectrum of action & restored efficacy against resistant bacteria.

Indications :

- | | |
|----------------------------------|----------------------------|
| ✦ Respiratory Track Infections | ✦ Dental Infections |
| ✦ Urinary Track Infections | ✦ Post Surgical Infections |
| ✦ Skin & Soft Tissues Infections | ✦ Switch Over Therapy |
| ✦ Bone & Joint Infections | ✦ Tonsillitis & Sinusitis |

***Complete Your armor against infections with
extended spectrum 3rd generation cephalosporin***

R_x

SILIPOD-200

Cefpodoxime Proxetil 200 mg Tablet

Offers balance gram+ & gram-coverage.

Effective penetration.

Better stability against betalactamases.

Higher clinical success rates.

Maintains serum concentration above MIC for longer time.

In:

- | | |
|--------------------------------|-------|
| ■ Community Acquired Pneumonia | ■ RTI |
| ■ Pre & Post Operative | ■ UTI |
| ■ Enteric Fever | ■ PID |

Distressful
Infectious Conditions...

Rx **MYCIWIN-²⁵⁰/₅₀₀**
Azithromycin 250/500 mg. Tablet

- A 5 days course of Azithromycin is an effective treatment for uncomplicated typhoid fever in children and adolescents.
- 3 days regimen is as effective as a 10 days regimen of co-amoxiclav on the treatment of acute LRTI.
- Alternative treatment for incubating syphilis in settings where standard intramuscular therapy is not practical.

Indications

ACUTE BACTERIAL SINUSITIS

URETHRITIS/CERVICITIS

GENITAL ULCER DISEASE

SKIN AND SKIN STRUCTURE INFECTIONS

COMMUNITY-ACQUIRED PNEUMONIA

ACUTE BACTERIAL EXACERBATIONS OF CDPD

**Ace Performance against
Pain and Inflammation**

Yevagesic-P

Aceclofenac 100 mg. + Paracetamol 325 mg. Tablets

Aceclofenac

- Effective analgesic and anti-inflammatory agent
- Possesses superior G.I. tolerability as compared to other NSAIDs

Paracetamol

- Trusted analgesic and antipyretic
- Enhances the analgia of other NSAIDs

Indications :

- POST SURGICAL INJURY
- ARTHRITIS
- TOOTH EXTRACTION
- FIBROSITIS / TENDONITIS
- ENT INFLAMMATION ■ SPRAINS & STRAINS

**WHEN STRONG ANALGESIA, ANTI-INFLAMMATION
AND FASTER HEALING IS DESIRED....**

Yevagesic-SP

TABLETS

Aceclofenac 100 mg + Paracetamol 325 mg + Serratiopeptidase 15 mg.

PARACETAMOL

- The central analgesic action of Paracetamol resembles that of aspirin.
- It produces analgesia by raising pain threshold.

ACECLOFENAC

- Aceclofenac works by inhibiting the action of cyclooxygenase (COX) that is involved in the production of prostaglandins (PG) which is accountable for pain, swelling, inflammation and fever.

SERRATIOPEPTIDASE

- Serratiopeptidase suffers high risk of enzymatic degradation in the gastrointestinal tract due to its proteinaceous nature.

YGP

Sure Shot Relief In Painful Conditions

When Liver Needs Care

Rx

Yevahep-DS

Herbal Liver Tonic

Sugar Free

Useful in liver disorders, sluggish liver

- Offers cytoprotection against alcohol-induced hepatic damage.
- Prophylaxis against relapse of Jaundice
- Preventive action on spread of hepatitis virus

Helps to protect liver in diseases like:

Dyspepsia

Jaundice

Cirrhosis of liver

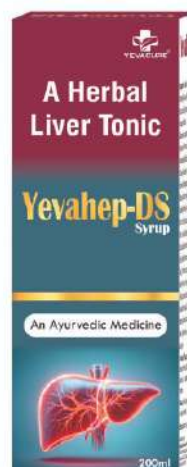

Composition :

Each 10 ml contains :	
Bhuml Amle	300 mg
Bhringraj	300 mg
Sarpunkha	300 mg
Pittapapda	200 mg
Kalmegh	100 mg
Kokmachi	200 mg
Punamava	300 mg
